# THE LACQUERS

## The Secret Lies in the Clay

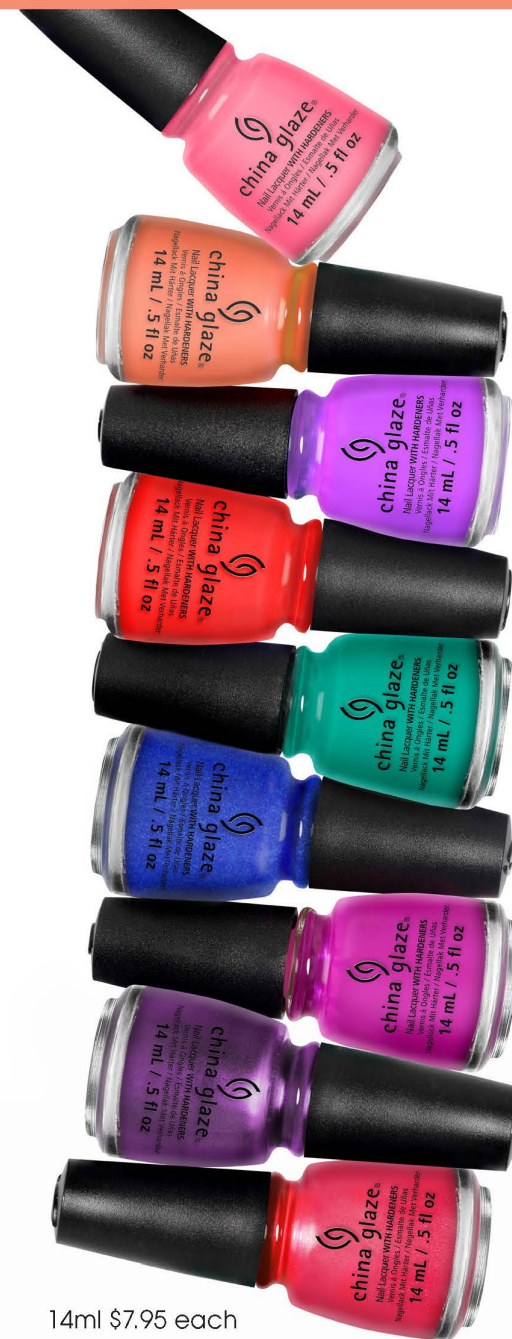

All China Glaze lacquers are exclusively formulated with super ingredient "kaolin" (China Clay) as a nail hardener, the same material that gives porcelain its high shine.

## We Keep it Professional

China Glaze is available in salons and professional beauty destinations worldwide, offering formulations of the highest quality. We're committed to keeping China Glaze a brand that is crafted by professionals, for professionals.

## The Colour Authority

Dedicated to being the authority on colour, China Glaze introduces more new colour collections per year than any other lacquer brand on the market, providing beauty professionals with the most on-trend and in-demand shades in existence. With a shade selection that's second to none, ranging from demure to industry leading neon, available in crème, shimmer, iridescent, pearl, glitter and metallic finishes, China Glaze has the perfect colour for any mood, occasion, personality or style. To maintain a contemporary and appealing palette, we evaluate colours annually, only keeping the most popular shades to ensure that our cult classics are always available.

2 Step Extended Wear System  
Up to 10 Days of Gel-Like Shine  
No Base Coat or UV Light Needed  
48 Long Lasting, On-Trend Shades

## Strength. Stamina. Shine.

EverGlaze is the next wave of nail technology featuring a variety of high performance, extended wear lacquer colours and finishes. The durable, self-fusing formula offers today's polishista a hybrid between lacquer and gel, providing gel-like results without the curing or removal processes in an effortless two-step system. The results are strong, glossy nails with major staying power for up to 10 days.

## Active Top Coat

EverGlaze Active Top Coat is formulated to fuse together with EverGlaze Extended Wear lacquer in natural light, delivering a chip-free finish with incredible shine.

## Why EverGlaze?

EverGlaze is an extended wear nail lacquer system that delivers up to 10 days of gel-like shine in just two easy steps. No UV/LED light or base coat needed!

## Just so easy to apply.

### Prep Nails - Step 1

Perform a dry manicure. Shape nails with a file and remove cuticle from nail plate with a cuticle pusher. Remove shine from natural nail with a 180 grit padded file.

Use ibd Powerbond to ensure stronger adhesion and long lasting wear. Apply a thin coat of PowerBond prior to applying Just Gel Polish Base Coat.

### Just Gel Polish Base Coat - Step 2

Apply a thin coat of Just Gel Polish Base Coat. Make sure to keep Base Coat off the cuticle and to encase the tip edge to ensure long wear.

Cure: 30 seconds in a LED lamp or 1 minute in a UV lamp

NOTE: Base Coat, Gel Polish, and Top Coat are cured separately. To ensure proper curing, thumb application should be done separately.

### Just Gel Polish Color - Step 3

Make sure to mix the color pigment in the bottle by rolling the Just Gel polish bottles – do not shake. Apply two thin coats of Just Gel Polish. Note to cure each coat separately. Make sure to keep Gel Polish off the cuticle.

Cure: 30 seconds in a LED lamp or 2-3 minutes in a UV lamp.

### Just Gel Polish Top Coat - Step 4

Apply a thin coat of Gel Polish Top Coat. Make sure to keep Top Coat off the cuticle and to encase the tip edge to ensure long wear.

Cure: 30 seconds in a LED lamp or 2 minutes in a UV lamp.

### Cleanse - Step 5

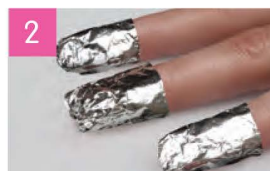

Place 2-3 drops on edge of a nail wipe with Just Gel cleanser. Cleanse each finger with firm pressure to remove gel residue. To ensure proper cleansing, use a clean side or part of a wipe for each finger.

## Just so easy to remove.

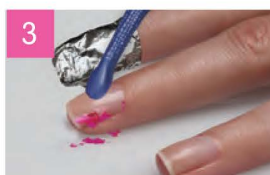

### Step 1

Break the seal of gel nail with a nail file.

### Step 2

Saturate a nail wipe with acetone and place on top of the nail plate. Apply and secure foil around nail plate. Allow to soak for 10 minutes.

### Step 3

Remove foil wrap. If necessary, gently glide off any remaining product with a cuticle pusher. Be careful not to scrape away the surface layers of the natural nail plate.

## LED/UV GEL SYSTEMS

For 40 years, ibd has set the standard for salon innovation and excellence in professional gel systems. We develop and introduce top quality products and continuously research new technology to bring to the forefront of our ever-growing salon industry. ibd is dedicated to providing professional nail techs with new and practical ways to promote customer satisfaction and a profitable business.

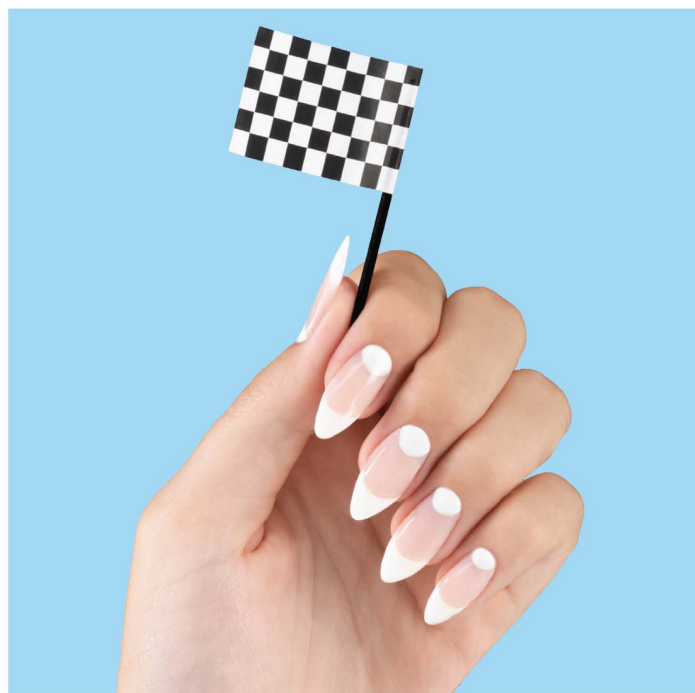

ibd's self-leveling formulas ensure complete control. Advanced and acid free, they will not overheat when curing. When applied correctly, enhancements appear thin, light and completely natural. Your new nails will not lift or crack, but will retain a durability that rivals any acrylic. Whether natural or colored, ibd gels always keep their lustrous shine and incredibly glossy appearance. From bonders and builders to sculpting and extremes, ibd offers an assortment of gels and gel products to meet your client's needs in length, tip and color.

## Seche VITE™

Seche Vite™ Dry Fast Top Coat is widely acknowledged as the world's finest top coat. Its formula penetrates through the nail lacquer to the base coat forming a single solid coating over the nail plate for a much more durable finish, guaranteed not to yellow and leaves nails silky, stronger and resistant to chipping and peeling.

**118ml \$49.95**

Seche®

Who needs a lamp to shine?

14ml \$12.95

Bring your manicure to life with Seche Vive Instant Gel Effect Top Coat.

This specially formulated fast drying top coat delivers the plumping effect of a gel in a glossy, high shine finish without the use of a UV/LED light! The salon worthy manicure removes easily with any acetone or non acetone nail polish remover.

NO UV/LED lamp required

- Durable gel-like finish
- Fast drying Prolonged, intense shine
- Easy removal

Instant Gel Effect.

No UV. No LED. Dries Fast.

Intense Shine. Seals and Protects.

## Seche CLEAR™

Seche Clear™ Crystal Clear Base Coat was created after ten years of development to offer a clear base coat for nail polish which will not yellow and will adhere to the natural nail.

14ml \$9.95

## Seche BASE™

Seche Base™ is specially formulated to help disguise nail imperfections. Seche Base™ has an incomparable bonding ability and will give Seche Vite™ the best anchor to hold onto.

14ml \$9.95

## Seche PERFECT NAIL - REBUILD™

Strengthens weak, thin nails. Rebuild helps weak, thin, soft, or peeling nails. This unique protein formulation seals the layers of the nail together. With each application, Rebuild reinforces and thickens nails providing durability while promoting strength and flexibility.

14ml \$9.95

## Seche RESTORE™

Seche Restore™ is the only thinner to thin a bottle of Seche Vite™ to its original consistency. Will not diminish shine or dull colors and only replaces those ingredients which have evaporated from the bottle.

\$7.95

## Seche ULTRA-V™

The ultimate in UV curable topcoats. Seche Ultra-V™ leaves a durable, long wearing, high gloss shine over polish. Dries layers of polish in just 3 minutes under any UV lamp.
